

Costa Rica solar container energy storage system Distributor

Who sells solar panels in Costa Rica?

American firms have a strong presence in Costa Rica by selling their products through local distributors or joint ventures. The main competitors of U.S. businesses in the solar area in Costa Rica are Chinese brands. Most companies selling solar systems are local companies that assemble Asian solar panels with some U.S. made components.

Who is a good solar installer in Costa Rica?

Lester provides excellent service and value for solar projects in Costa Rica. We were so happy that Neil came out and fixed our system that had just been installed by another installer. We fought for months with that installer to come out to fix their system. Finally we called Sunnyside Solar Solutions and talked to Neil.

What is solar energy storage?

A Solar System that allows our customers to benefit from the energy of the Sun, while keeping their connection and use of the traditional electric grid. Energy storage allows our customers to save solar energy for later use, whether that be during a power outage or when grid electricity increases in price.
