

New Zealand Industrial Server Rack 200kWh

What are enclosures and server racking?

Enclosures and server racking are equipment housing solutions within any industrial and commercial workplace. Products such as enclosures and server racks protect technical and electrical equipment.

What is a B&R server rack?

Server Racks from B&R cover a huge variety of potential applications from data centre applications, a data cupboard or room in an office to industrial applications and cabinets for outside, exposed to the elements. Our Ausrack Plus range of Server Racks is designed for 19 inch equipment and to be installed in a Data Centre, or server room.

Where can I buy a server rack & cabinet?

4Cabling's range of floor standing and wall mount server racks & cabinets offer unprecedented value for money and quality. We stock server racks and server cabinets to suit every installation scenario, whether it is a small freestanding or wall hung server rack to a full-blown state-of-the-art sophisticated server room.

What is a wall mount server rack?

Wall mount server racks are ideal for hosting network equipment, including switches, patch panels, and compact servers. They are a practical solution for spaces where floor-standing racks aren't feasible, such as offices, classrooms, and retail establishments. Easy Access: Hinged Server Racks
