What is a solar container home?

Featuring integrated solar power, rainwater collection, and a composting toilet, it empowers you to live independently and sustainably. Simply place this container home on your land, deploy the solar panels, and let nature do the rest. Your off-grid adventure awaits!

What is the ultimate off-grid container home?

The Hideaway: The Ultimate Off-Grid Container Home Designed For Freedom. Designed for the ultimate off-grid experience, this self-sufficient and durable shipping container home is your dream eco-friendly getaway. Featuring integrated solar power, rainwater collection, and a composting toilet, it empowers you to live independently and sustainably.

How much solar can a 20 foot container hold?

20 foot containers can expand from 3,000W of solar up to 6,000W. 40 foot containers can expand from 3,000W up to 12,000W of solar in the future. We love the strategically placed solar panels on top of the container roof - we've accomplished this secure mounting with our field tested RPS Scalable Ground Mount.
