

Solar Photovoltaic Panel Folding Bag

What is a solar panel lifting bag?

The Velcro opening and closing system, incorporating side and top opening facilitates security of the panel whilst enabling access from the side and/or top. The inside of the bag is foam lined for added protection. It can also be used to lift/transport items such as windows and radiators. Solar Panel Lifting Bags For Solar Panels of Any Size.

What is a folding solar panel?

A folding solar panel is a portable solar panel that can be folded for easy storage. The surface of the panels have a robust ETFE lamination which helps to absorb more light. It comes complete with crocodile (a.k.a alligator) clips and an extension cable to connect directly to a 12 volt battery.
