UVO's foldable container dormitories provide quick, space-saving housing for large-scale worker needs. Easy to transport and set up, each unit includes insulation, utilities, and customizable layouts.

Structural Resilience: Made from Q355B galvanized steel, our units are certified for seismic activity of Grade 8 and can resist heavy wind loads, thus they are safe in open-pit or high-altitude locations.

Thanks to its steel material and folding/assembly time of approximately 30 - 60 minutes per unit, the Yao Qing Quick-build Flat Pack House is not only durable but also easy to transport and set up.

Our foldable container houses are waterproofed structurally, rather than using sealant like other factories do. This ensures that they will never leak throughout their lifetime.

Foldable (collapsible) container house Arrives as a folded unit that unfolds in hours--perfect for rapid response, pop-up classrooms, or urgent WASH. Great for emergency ...
